  - 5 min. - Greetings, then video featuring FMCC President Teena Shouse and STAG member Daniel Goldsmith on why they network through FMCC.
  - 10 min. – Your hosts will sketch FMCC organization, people, strategies, and initiatives underway, then view FMCC as a resource for consultant business development and for service to other IFMA components, wherever FMCC members can help show the way. “Everything that we do is to make a difference” (Daniel Goldsmith, guest)
  - 15 min. – Introduce yourself and join in open conversation. What is important to you? What issues resonate? How do you see your role? What is driving you?
- **Themes:** Where does FMCC fit into FM consultant business?
  - Whether it is a client, or part of the IFMA community, every organization sometimes has a hiccup.
  - What is the most practical way to get beyond a problem now? We don’t want to fix the World today. we want to fix one problem. And another tomorrow. That’s where consultancy comes in. We are here because we have seen businesses under perform.
- **Recording:** Available on FMCC.IFMA.org. But please come and join us live? Please?
- **RSVP:** *Get a link* - to receive a link, send e-mail to FMCC Secretary David Reynolds, [DavidReynoldsFM@pobox.com](mailto:DavidReynoldsFM@pobox.com)

**Hope to see you on April 12**
